EC700G M.2 PCIe/SATA SSD Enclosure

GIVE YOUR SSD A NEW LIFE

EC700G M.2 PCIe/SATA SSD Enclosure

The ADATA EC700G enclosure gives your old internal M.2 PCIe or SATA SSD a new lease on life as an external SSD. The EC700G supports USB 3.2 Gen2 interface, with Type-C port, providing transmission speed up to 10 Gbps.

Fast USB 3.2 Gen2 Speeds

With support for USB 3.2 Gen2 and Type-C, an EC700G equipped with a SSD can reach speeds of up to 1000MB/s*, which is about 12.5 times faster than ordinary external hard drives**. That means it'll only take you 20 seconds to transfer a 10GB movie.

Works with the Latest Game Consoles

With a high capacity SSD inside, the EC700G is a great way to store your collection of console games. It can also help to quicken game loading times for a more seamless experience.

* A PCIe Gen3 x4 (NVMe 1.3)　M.2 SSD or higher is required. Also, the host device must support USB 3.2 Gen 2 and a UASP driver must be installed. Actual performance may vary depending on the host device and software configurations.
** Based on comparison with ADATA external HDDs

* Actual loading times may vary depending on individual games. Reformatting may be required before connecting to game consoles.
** For details about game console compatibility, click here.
*** Due to the limited power supply of some game consoles, some SSDs might not be supported.

Compatible with PCIe and SATA SSDs

Whether you've got an M.2 PCIe or SATA SSD, the EC700G is compatible with them all.

Tool-less Assembly

Installation is as easy as 1,2,3. No screwdrivers are required. Just use your hands. It's that simple.

Features

- Stylish geometric design with RGB lighting
- Compatible with PCIe and SATA SSDs
- Supports multiple M.2 SSD sizes
- Supports USB 3.2 Gen2

- Tool-free assembly
- Works with latest game consoles
- Multiple platform support

Specifications

- Color: Black
- Compatibility:
  SSD: M.2 PCIe(NVMe) M Key / SATA M+B Key M.2
  Form Factor: 2230/2242/2280
- Dimensions (L x W x H):
  112 x 45 x 12.24mm / 4.4 x 1.77 x 0.48inch
- Weight: 90g / 3.2oz
- Interface: USB 3.2 Gen 2 Type-C (USB 10Gbps)
- System requirements: Windows 8/8.1/10,
  Mac OS X 10.6 or later (reformatting required for use),
  Linux Kernel 2.6 or later,
  Android 5.0 or later (with no device driver needed)
- Accessories:
  USB 3.2 Type-C to C cable,
  USB 3.2 Type-C to A cable,
  Thermal Pad,
  Thumbscrew,
  Quick Installation Guide
- Warranty: Limited 2-year
