

LANCER RGB ROG CERTIFIED DDR5 MEMORY

CERTIFIED XTREME

LANCER RGB ROG CERTIFIED DDR5 Memory

XPG and Republic of Gamers (ROG) have teamed up to bring the ultimate DDR5 for ROG users. The LANCER ROG CERTIFIED DDR5 memory has been specially tuned to work with ROG motherboards for uncompromised gaming performance. What's more, it is equipped with a PMIC (Power Management Integrated Circuit) and On-die ECC (Error Correcting Code) for enhanced performance and stability.

Features

- ROG Certified for Overclocking
- Fast clock speeds up to 7400MT/s
- Beautiful ROG inspired heatsink design
- Customizable RGB light effects
- PMIC for power supply stability
- On-die ECC error correction
- Works with the Latest AMD Platforms
- Supports Intel® XMP 3.0 for easy overclocking
- RoHS compliant

Specifications

- Speed: DDR5 6600 MT/s
- CAS Latency: 32-44-44
- Module size: 16GB
- Packaging: 32GB(16GBx2)
- Operating temperature: 0°C to 85°C
- Storage temperature: -20°C to 65°C
- Operating voltage: 1.4V
- Dimensions (L x W x H): 133.35 x 40 x 8.0mm
- Weight: 72.4g
- Warranty: Limited Lifetime Warranty
